WEBINAR

### PROTECTING ASIAN MIGRANTS IN EUROPE

7 October 2022 | 11.00 – 12.30 CET

*Organised by La Strada International, Freedom Collaborative and Global Alliance against Traffik in women*

Asian migrants are increasingly recruited to work in Europe. Recent research by La Strada International and GAATW shows that many Asian migrant workers end up in low-paid jobs in Europe, where they are not properly protected against serious forms of exploitation, and risk to fall prey to human trafficking or forced labour.

#### Questions to be discussed during this webinar are:

- How are Asian migrants recruited and in which vulnerable sectors do they work?
- What are the exploitative practices and the main challenges to access rights?
- How to ensure more awareness about the exploitative practices for Asian Migrants?
- How to ensure better protection of Asian migrants in Europe in practice?
